A MATCH MADE IN HEAVEN: BOUTIQUE-HOMES MEETS BARCELONA

Boutique-Homes Partners with DestinationBCN to Present the Best of Barcelona Apartment

LOS ANGELES, CA – February 6, 2011. Boutique-Homes.com, the curated vacation rentals site, is partnering with DestinationBCN to be their primary supplier of chic apartment rentals in the capital of Spanish Cool: Barcelona. Boutique-Homes is now your one online stop for stylish and affordable rentals in Barcelona.

THE PERFECT PAIR

Heinz Legler and Veronique Lievre, the creators of Verana and the owners of Boutique-Homes.com, are always on the hunt for stylish spots all over the world. They've met their perfect match in Destination BCN. Anne Nijstad and Miklos Beyer are the stylists behind the 13 apartments in a historic Art Nouveau building in the heart of Barcelona, steps away from happening Plaza Catalunya and nestled between the architectural Gothic Quarter and the upscale Eixample District.

IT'S ALL IN THE DETAILS

We fell in love with DestinationBCN's attention to detail and their sophisticated approach to style. So will you. Their apartments showcase a cool mix of modern and classic design, and quirky combinations that are chic and fresh. Each apartment is an individual space with its own character.

PEACEFUL RETREATS IN THE CAPITAL OF COOL

From the dark wood accents and clean lines of Urban pad to airy feel and modular elements of Courtyard Suite, there's an apartment for every taste and budget. Take the seamless indoor-outdoor flow of the Triple Terrace apartment or the fun spin on 70s LA glamour in Playful Penthouse. Curl up with a book in the huge bay window of Cityscape Doble or enjoy drinks on a terrace strewn with colorful pillows while watching the sunset at Romantic Rooftop Retreat. And when you're ready to discover Barcelona, the hippest neighborhoods in town are mere steps away.

MATCH MADE IN HEAVEN

Boutique-Homes has won acclaim for our handpicked collection of rentals in stunning locations that are both stylish and affordable. Our eye for design has been noted by the New York Times, Sunset Magazine, Fathom—Way to Go, Mark Magazine, and others. It's with great pride that we begin this partnership.

Hip Barcelona—where history, culture, and culinary tradition commingle—is now right at your doorstep and your fingertips.

About boutique-homes.com :

Founded in 2010, Boutique Homes has grown to the most popular curated personal website for modern vacation rentals. We handpick and select only the best properties around the world to be included in our collection. Currently we feature close to 500 properties which we think stand out of the crowd. They are boho and modern. With an active and growing audience with more than 120,000 monthly visits and 500,000 monthly page views, Boutique Homes continues to expand its global presence on its website with the addition of exciting new discoveries. Inclusion in the Boutique Homes Collection is by invite only.

About the founders:

As a team, Veronique Lievre and Heinz Legler have been designing, building and decorating hotels and vacation homes for over 12 years. From Verana in the jungle to Far Meadow in the High Sierras we have built vacation homes from the ground up and welcomed guests from around the world.

So when we select vacation homes and small hotels to showcase on Boutique-Homes, we choose based on our experience and aesthetics. Boutique-Homes is our personal collection, handpicked by us – for you.
